

## PRODUCT INFORMATION

# AUTOMATIC TRANSMISSION SEALER & CONDITIONER

Is your customer complaining about oily, red spots on the driveway?  
Do you see oil spots under the engine or around the gaskets?  
These are signs of a transmission fluid leak.  
Low transmission fluid can cause driveability issues and  
lead to expensive repairs.

## BENEFITS

NGEN Automatic Transmission Sealer & Conditioner is an exceptional formula that stops leaks, weeps, and seeps! It reduces gum and varnish formation, guards against corrosion, and extends the life of the transmission fluid.

## DIRECTIONS

Add 1 bottle to transmission. Be careful not to overfill. 1 bottle treats up to 10 quarts of transmission fluid. Leaks, weeps, or seeps should stop within 100 miles of the service.
